## THEMED INSPIRATIONS

**If you want to organise a themed circuit for a group, let us have your project and we will make it possible. Here are some inspirations:**

### ROLD CAR RALLY

---

The Dordogne is perfect for a vintage car rally. Eyrignac and its gardens welcome old car lovers very regularly to make them a showcase of their choice.

### GOURMET RALLY

---

Culture and Gourmet Heritage are a happy marriage that we can easily find in the Périgord. With our privileged partners, we can offer you a route combining major sites of the Périgord, quality producers in the field of wine-making as well as regional products.

### RALLY OF THE ESSENTIALS

---

Lascaux IV, the Château des Milandes, Sarlat, Périgueux, Eyrignac and its gardens, the Dordogne... Thanks to our network of partners, we will accompany you to create a circuit including the essentials of Périgord.

A large, ornate bronze planter filled with white petunias is the central focus of the image. The planter is placed on a stone base. In the background, another similar planter is visible on a stone base, and a white flag is partially visible. The garden is lush with green hedges and a gravel path.
